

protect your mobile lifestyle with yelobox

1 prevent

Every year airlines, airports, taxis, trains, buses and car hire companies find thousands of mobile devices, and less than 10% are ever returned.

Tag, track and get your phone back

2 protect

Have your phone ever been lost, stolen, broken? Then you know how hard it is to remember all your contacts and calendar events, and the pain of losing images.

Online access to all your content

3 recover

Are you a true modern mobile user? Is your life on your mobile? Then you have a lot of information in your phone, that you don't want a thief to gain access to!

Lock, wipe and report

your personal vault

- # update contacts
 - add or change information
 - import from social networks
- # maintain your calendar
- # sort your photos
- # @share files between your computer and mobile
- # lock your phone remotely
- # manage multiple phones
- # and much more...

all in one place!
